Amendment (11)	202 yes	140 no (passed)

Article 1. Motion made by Mr. James Hartley and second by Mr. Theo deWinter and voted in the affirmative to elect Charles Buttrick and David Bourgault surveyors of wood and lumber and public weighers.

A motion was made by Mr. Hartley and seconded by Mr. deWinter to allow the following non residents to speak at this meeting Frank Biron, Auditor for the town, Keith Pratt, Engineer for Underwood Engineering, David Benedict, Chief of Police, Sharon Ostrander, Water Superintendent, Hans Chemello, taxpayer  
The motion carried.

Motion made by Mr. Hartley seconded by Mr. Cook to consider Article 14 according to the warrant posted. The motion carried to take up Article 14 before Article 2.

Note: After the Town Report went to the printers an Article was added to the warrant and posted as Article 14 and Article 15 became Other Business

Article 14. Motion made by Mr. Charles Buttrick and seconded by Mr. Hartley and amended by Mr. Marshall Buttrick and seconded by Richard Eaton to change the amount to \$110,000. The amendment was defeated and was voted in the affirmative to raise and appropriate the sum of \$80,000 for the purpose of reducing the general fund deficit pursuant to RSA 41:9-V.

Note: Frank Biron, Auditor Melanson and Heath explained the reasons for the deficit being an error in reporting in the setting of the Tax Rate.

Article 2. Motion made by Mr.. Hartley and seconded by Mr. Russell Cook and voted at the polls by secret ballot and the polls were opened one hour The results were 48 *yes* 22 *no*. Motion passed by 2/3<sup>rd</sup> vote .for the purpose of designing and constructing road, sidewalk and drainage improvements for 7,600 feet of NHDOT Class II highways located in Greenville, and to authorize the issuance of not more than \$165,600 of bonds or notes in accordance with the provisions of the Municipal Finance Act, NH RSA 33:1 et seq., as amended; and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The balance of \$760,000 or such part thereof as necessary to complete said project to be raised by applicable State and Federal Grants or other programs, including, but not limited to the New Hampshire Department of Transportation. The Selectmen are hereby also authorized to apply for and accept gifts, grants or other forms of assistance in order to facilitate the raising and appropriating of the additional funds referenced above.

[By way of explanation, the total road, sidewalk, and drainage work is estimated to cost \$1,140,000 of which the Town is responsible for 1/3, or \$380,000. An amount equal to \$165,600 of the above bond and \$214,400 already allocated for roadwork and already funded by the water project authorized in 1998 and 1999 will comprise the Towns 1/3 component.]

Article 3. Motion made by Mr. Hartley and seconded by Mr. Cook and voted at the polls by secret ballot. The polls were opened for one hour. The vote was 37 *yes* and 31 *no*. The motion was defeated to raise and appropriate a sum of \$76,000 for the purpose of designing and constructing necessary repairs and improvements to retaining walls located on the west side of Main Street in Greenville, said repairs and improvements being part of the road improvement project contemplated in Article 2, above, and to authorize the issuance of not more than \$76,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act, NH RSA 33:1 et seq., as amended; and to authorize the

Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest.

NOTE: It was requested that Article 4 be acted upon only after the results of Article 3 were announced The Moderator honored this request.

Article 5. Motion was made by Mr. Eaton and seconded by Mrs. Janice Hartley and amended by Thomas Falter and seconded by Christine Deane to level fund Part A and voted in the affirmative as amended to raise and appropriate the sum of \$246,812.00 for Part A of the budget. Motion was made by Mr. Hartley and seconded by Mr. Cook and amended by Mr. Thomas Falter and seconded by Mr. Eaton to change the amount to \$318,889.00. The amendment was defeated and it was voted in the affirmative to raise and appropriate the sum of \$325,092.46 for Part B of the Budget

Motion made by Mr. Hartley and seconded by Mr. Cook and amended by Thomas Falter and seconded by Mr. Eaton to change the amount to \$168,270.00. The amendment was defeated and was voted in the affirmative to raise and appropriate the sum of \$184,972.00 for Part C of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to raise and appropriate the sum of \$86,984.44 for Part D of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to raise and appropriate the sum of \$11,062.00 for Part E of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to raise and appropriate the sum of \$22,500.00 for Part F of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook and amendment by Mr. Mark Rubin and seconded by Mr. Falter and to lower the amount of patriotic purposes to \$4200.00 and was voted in the affirmative as amended to raise in the affirmative to raise and appropriate the sum of \$117,151.00 for Part G of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to raise and appropriate the sum of \$66,961.00 for Part H of the budget.

Motion made by Mr. Hartley and seconded by Mrs. Hartley to amend Part I to \$0 and was voted in the affirmative as amended to raise and appropriate \$0 for Part I of the budget.

Motion made by Mr. Hartley and seconded by Mr. Cook to amend Part J to \$0 and was voted in the affirmative to raise and appropriate \$0 for Part I of the budget.

<u>TOTAL GENERAL FUND</u>	<u>\$1,061,534.90</u>
---------------------------	-----------------------

Article 4. Motion made by Mr. Eaton and seconded by Mrs. Hartley and amended by Mr. Marshall Buttrick and seconded by Mr. Falter and voted in the affirmative as amended to raise and appropriate a sum of \$76,000 for the purpose of designing and constructing necessary repairs and improvements to retaining walls located on the west side of Main street in Greenville, said repairs and improvements being part of the road improvement project contemplated in Article 2. The selectmen are hereby also authorized to apply for and accept gifts or other forms of assistance in order to facilitate the raising and appropriating of the additional funds referenced above with approval of this article is contingent of 2/3<sup>rd</sup>'s match of the cost by the State of NH.

Moderator moved Article 9.

Article 9. Motion made by Mr. Cook and seconded by Mr. Eaton and voted in the negative to raise and appropriate the sum of \$40,000 for the purpose of designing and constructing drainage and parking improvements at the municipal pool located off Adams Street. This work will be bid and constructed with the water systems improvement project.

Article 6. Motion made by Mr. deWinter and seconded by Mr. Hartley and voted in the affirmative to raise and appropriate the sum of \$173,952.00 for the Water Department.

Article 7. Motion made Mr. de Winter and seconded by Mr. Hartley and voted in the affirmative to raise and appropriate the sum of \$183,303.00 for the Sewer Department.

Article 8. Motion made by Mr. Hartley and seconded by Mr. Charles Buttrick and the voted in affirmative to appropriate the sum of \$33,900 from the State Highway Block Grant Aid, and deposit it into the Town Roads Expendable Trust Fund for the purpose of rebuilding roads.

Article 10. Motion made by Mr. Hartley and seconded by Mr. Cook and was voted to pass over this article to vote to raise and appropriate the sum of \$500 to be placed in the Cemetery Monument Restoration Expendable Trust Fund

Article 11. Motion made by Karen Brouillette and seconded by Maria Holbein and voted in the affirmative to raise and appropriate the sum of \$15,000 to complete the automation project for the Chamberlin Free Public Library.

Article 12. Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to accept the reports of Auditors, Agents, and Committee officers heretofore chosen and pass any vote related

Mr. Marshall Buttrick asked if Article 15 could be acted upon before Article 13 Moderator, Robert Taft allowed it.

Article 15. Motion made by Marshall Buttrick and seconded by Mr. Hartley and voted in affirmative to adopt the following resolution:  
Whereas, Robert Taft required by the New Hampshire Constitution to cease serving as our Judge in May of this year Whereas, the Greenville Municipal Court will close in May of 2000 and the Greenville Municipal Court is the last municipal court in the State of New Hampshire do resolve that the Town of Greenville expresses its thanks and appreciation to Robert Taft for his service and commitment to our community as our Municipal Court Judge.

Article 13. Motion made by Mr. Hartley and seconded by Mr. Cook and voted in the affirmative to authorize the Board of Selectmen and Town Treasurer to issue tax lien redemption notes, pursuant to RSA 33:7d

Mr. Hartley thanked Mr. Richard Eaton for serving as Treasurer for ten years and asked for a round of applause. And also thank Ted deWinter for his years of service as selectman and was also given a round of applause.

The meeting was adjourned at 1:37 PM

Respectfully submitted,

Kathleen Valliere  
Town Clerk

Recommended by Parks and Recs.

Article 15. To see if the Town will vote to approve use of a portion of the Ida Field Taft Memorial Field for the construction of a Skateboard Park, or take any action thereon.

Submitted by Petition

Article 16. To see if the Town will vote to authorize the Selectmen to renew the three year lease with Pilgrim Foods for the use of the Town Wells, that was initially approved at the 1998 Town Meeting, Warrant article #13, or take any action thereon.

Recommended by Board of Selectmen

Article 17. To see if the Town will vote to raise and appropriate the sum of \$10,000 (Ten Thousand Dollars) for the purpose of renovating the former courtroom for use as a meeting room, or take any action thereon.

Submitted by Petition

Article 18. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 26th day of February in the year of our Lord, Two Thousand and One.

James A. Hartley, Chairman  
Russell R. Cook  
John J. Singelais

Selectmen of Greenville

## SELECTMEN'S NARRATIVE 2000

The year 2000 was one of the busiest in many years. The Board of Selectmen dealt with difficulty obtaining tax anticipation money, personnel changes, an executive order from the Department of Environmental Services (DES) Waste Water Division, septage issues, issues involving sale of town property, 3 phases of the water project running concurrently, cruiser lease problems, health issues and a new CDBG, to name a few.

Low spots - The 1999 fund deficit created two immediate problems. Starting in January there was no cash to run the town. A Tax Anticipation Note (TAN) normally remedies this condition, but because of the deficit, the bank was very slow to loan us any money. This required constant communications with the bank and the school district (the towns' major use of funds). The second problem was how to assure there would not be a repeat of the deficit. This required early and constant attention to expenditures. To ensure spending control the BOS instituted a policy requiring all expenditures greater than \$500 come to the board for prior approval.

Several resignations were received over the year:

Charles Buttrick,	Public Works Superintendent, Cemetery Trustee, Surveyor of Wood and Lumber and Forest Fire Warden.
David Bourgault,	Wastewater Operator
Vint Boggis,	Police Officer
Tom Richardson,	Police Officer
Sharon Ostrander,	Utility Superintendent

The Wastewater Plant operated under an Executive Order from the DES for most of the year. An executive order is very serious and violation of the order is punishable by fines and/or criminal charges. In order to improve the operation of the plant, we decided to cease accepting all septage at the facility, including Greenville septage.

A Supreme Court ruling concerning the taking of deeds on properties with delinquent taxes has further complicated life. This action has increased the difficulty the town faces as it attempts to recoup lost revenue through the sale of deeded property.

Hi spots - Phase one and phase two of the water project are completed. The water plant became fully functional at the end of summer and the water tank came on line shortly after that. Phase three, the replacement of much of the distribution system, is on track for completion at the end of 2001. A CDBG has been obtained to address issues cited in the Administrative Order at the Wastewater Facility and improvements are expected starting this coming year.

Concerns - It is again time to appeal to the residents of Greenville. As you know this community has had more than its share of hurdles to overcome. It has taken considerable contributions from the individuals who have given of their time to keep the town functioning and to provide the services the community seems to want. Unfortunately the tasks at hand always seem to out number the resources that are available and we constantly face the possibility of burning out those few that consistently volunteer. Our Planning Board and ZBA are struggling to sit full boards, our Recreation Committee is understaffed and Fourth of July Committee is on the verge of non-existence, just to name a few. We have also repeatedly publicized our desire to modify the Finance Committee from a year-end committee to one that meets periodically throughout the year. To date, we are still looking for those individuals with a strong desire to improve their community, who are willing to step forward and volunteer their skills and services. If you are unsatisfied with the direction this town is headed, please get involved.

Another area of concern noted by the Board this past year deals with zoning and building violations. There has been a concentrated effort by members of our community to improve the general appearance and the overall condition of our town. Adherence to local codes and ordinances is imperative towards reaching this goal. This is a direction that needs to be reinforced and it will be the intent of the Board to ensure that it is. The design of our codes and ordinances is intended to both protect and stabilize our town for the benefit of each resident and the community as a whole. Any residents with questions or concerns are encouraged to contact the town offices.

#### GREENVILLE BOARD OF SELECTMEN

### INDEPENDENT AUDITORS' REPORT

Board of Selectmen  
Town of Greenville, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Greenville, New Hampshire, as of and for the year ended December 31, 1999 as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town does not maintain a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, except for the effects of the item described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Greenville, New Hampshire, as of December 31, 1999, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion the general purpose financial statements of the Town of Greenville, taken as a whole. The accompanying supplementary information, identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in this schedule has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued reports dated March 10, 2000 on our consideration of the Town's internal control structure and on its compliance with laws and regulations. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

*Melanson, Heath + Company P.C.*

## TOWN CLERK REPORT 2000

Motor Vehicles	\$208,761.50
Dog Licenses	1,583.00
Marriages	1,014.00
Copies of Certificates	256.00
Filing Fees	5.00
Municipal Agent	7,204.50
Checklist	25.00
UCC Filing	896.95
Refunds	(357.00)
Remitted to Treasurer:	\$219,745.95

2000 was a very busy year in the Town Clerks Office. We held four elections. I am proud to say that we had record turnouts at all of the elections.

The State of New Hampshire still has not finished with the automation of vital records and it may be another year at least before we will be on line with the State. We are also on the waiting list with the Department of Safety in Concord to become a full service Motor Vehicle Sub Station. At that time we will be able to handle all vehicles and also the conservation plates.

Our dogs licensing has doubled in the last two years. All dogs should be registered in the month of April. Reminders will be going out to all dog owners by the end of March. In order to register your dogs you need a current rabies certificate. Please vaccinate your pets against Rabies. A record is kept in our office and in the Police station. It is important to register your dog and remember if a dog is lost or hurt we can trace the owner and notify you in an emergency.

The Legislature has passed new laws concerning registration of older vehicles, if you have question please call our office at 878-4155.

I would like to thank the residents of Greenville for your patience during busy times and for your support throughout the year. And a special thanks to Stacy for her continued service to the townspeople.

Respectfully submitted,  
Kathleen Valliere, Town Clerk

## TOWN TREASURER'S REPORT 2000

Although the tax rate was high last year it did allow us to get a few things accomplished. One of the major items was we were able to payoff the tan or tax anticipation note on time. This alone makes it a lot easier to obtain a new loan for this year. We also made it through the month of January without having to borrow money, another sign that we did the right thing at town meeting last year.

It is my opinion that we not look for a great reduction in our taxes this year but that we try to set a rate that is fair to the people and allows the town to pay it's bills with ease.

If we are able to build a little equity we could save money by using our TAN less and less each year. Saving the town thousands in interest charges. I also think that we should consider breaking up some of our funds. We have all of our money in one bank and for insurance reasons alone I think this is a risk. I recommend that we either move our Trust funds or our operating accounts to another bank, this will also give us another option for loans when we do decide to borrow money.

As my 1-year term is coming to an end, I would like to take this time to thank everyone who took the time to write me in last year. I would also like to thank everyone who takes the time to serve on the town committees. You are the people who keep this town going. To those of you who have not taken a turn on any of these committees please take the time to sign up; the town needs your help.

I look forward to seeing you all at town meeting.

Sincerely,

Michelle Zyla, Greenville Town Treasurer

## WATER DEPARTMENT REPORT 2000

Construction of water system improvements made 2000 a very eventful year in Greenville. Two significant phases of the construction are complete and the Town of Greenville is finally able to reap some of the benefits of all the construction in the water system.

The new Water Treatment Plant has been online and producing high quality water since mid July. The plant design looked to remedy past problems and address future regulations. The new generator will allow the plant to provide potable water even in the worst ice storm. Future boil orders caused by plant or equipment failure will be less frequent. The plant includes provisions to meet criteria of proposed water quality regulations without the need for major construction. The plant is designed to allow an operator to monitor it from remote locations. That means that even though someone is not at the plant, they can still monitor plant operation, receive alarm signals and adjust equipment rates, further reducing the likelihood of boil orders or no water.

In 2000 the new and old plant produced a combined total of 65,732,000 gallons. The plant produced an average of approximately 180,100 gallons per day.

The Town has contracted with Woodard & Curran of Auburn, NH for the operation of the Water Treatment Plant.

The new 600,000-gallon welded steel storage tank on Barrett Hill was in service in mid September and is full and helping maintain system pressures. The new tank has approximately three (3) days of storage. This means that even if the plant is shut down for routine maintenance, a system wide water outage is unlikely. The water level in the tank matches the level in the older Adams Hill tank helping keep pressure and volume throughout the system uniform.

The water distribution system work is approximately one-third complete. New mains have been installed on Pleasant Street, Kimball Heights, Rousseau Heights, Old Mason Road and Granite Street. The rest of the pipe is scheduled for installation this summer. Mains will be replaced on Main Street, High Street, Dunster Avenue, Mill Street, River Street, Adams Street, School Street, Ash Street and Columbian Avenue. Local delays can be expected as well as local temporary water outages. Your patience and cooperation are appreciated.

Two (2) new customers have been added to the water system.

The water distribution system work includes new remote reading meter installations. Many of the old meters were under-recording or even stopped. The new meter will help assure that all customers are paying for only the water they consumed. The meters will also help account for all the water produced in the system.

The distribution work also includes the installation of Pressure Reducing Valves (PRV) in many homes. The new system eliminated the multiple pressure zones (and problems they caused) of the old system. The PRV allows the water pressure in the individual home to be set to protect fixtures in the house while providing adequate volume. Homes at higher elevation will not have these devices. The elimination of the low-pressure zones will increase pressures in service lines. It is expected that some of the older services will leak. It will be important to report these leaks and make prompt repairs. If your service leaks, report it to the Water Department promptly to minimize possible damage.

New water facilities are only part of the project. By adopting a "Dig the Hole Once" philosophy, the Town, working with the NHDOT installed new drainage, sidewalks and roadway improvements along Pleasant Street. The work will continue along Main Street and Dunster Avenue. When all the inconvenience and work is done, Greenville will have a new Downtown look.

The Water Commissioners of the Town of Greenville would like to thank all the residents for their patience, cooperation and restraint during what has been a very trying year. No resident, whether on the water system or not, has escaped some impact. The majority of people have kept in mind that the end product will be a significantly more reliable system, better water pressure and an improved downtown. Keeping sight of the objective has helped keep tempers and frustrations down. Next construction season will include traffic delays and some water interruptions. It is believed they will be significantly less severe and frequent than those of this last year. Please remember that the old mains lasted over 100 years and hopefully with proper management it will be more than 100 years before a project of this scope is needed again. Thank you all for your support and patience.

Respectfully submitted:  
Greenville Water Commissioners

**CONSERVATION COMMISSION**  
**2000**

The Greenville Conservation Commission had a quiet year. The Commission reviewed two applications for NH Wetlands Bureau expedited wetlands permits: for Otis Mill to drain the Mill Pond for required repair work on the dam, and for site work and installation of culverts associated with construction on lot 1-70B. The Commission encourages town residents to apply for permits for wetlands disturbance well in advance of any planned activity. The Commission is always available for assistance and consultation. The Commission helped with the Spring Clean-Up Day in April, and once again, thanks our local Scout troop for their support and participation. The Commission also did clean-up work at Riverside Park during the summer.

The Commission has vacancies for a member and an alternate and is actively seeking replacements. Please contact the Commission members directly or the Selectman's office. The Conservation Commission meets at 7:30 p.m. the first Wednesday of each month.

Respectfully submitted,

Marshall A. Buttrick, Chairman  
Pat Nelson, Secretary

## FINANCE COMMITTEE REPORT 2000

We recommend that the budget process be started earlier, and continued throughout the year.

We recommend that the Town gradually build a surplus to avoid interest payments on TAN (Tax Anticipation Note).

## FIRE DEPARTMENT REPORT 2000

The Greenville Fire Department has worked very hard in the last year, keeping the department up to date. There have been training drills two times a month. Also, every other month, we have EMS drills to keep current on our medical information. There are several times a year when we will schedule a work detail to clean the fire truck and the station or an extra training session to become familiar with new equipment, etc. In addition to our regular training, we have had several drills with other departments and with the ambulance personnel.

Chief Scott Vaillancourt did a wonderful job taking over as Chief. Even more impressive was his ability to take over with no prior history concerning the job he was stepping into. He has made our department proud of the fact that he was able to step in and lead us in the last year. His staff of personnel is also to be commended since they also put in a lot of hours helping him keep the department running.

The Department is looking to increase our ISO rating; The Insurance Services Office puts out the ISO rating, which is based on an accumulation of rating the communication and dispatch facilities, the water system and the fire department. Out of this three, the fire department portion is 50 % of their rating. The town's insurance rate is affected by this rating; insurance companies also use this rating when they are insuring residential homes. If we are able to increase our rating, we will be able to lower the insurance rates throughout the town of Greenville. This actually will end up saving the taxpayers money. We have implemented new policies and procedures in the last year that will begin our long journey to becoming one of the higher rated ISO departments in the area.

The Ladies Auxiliary also began. They have been a wonderful addition to the department. It has been a pleasure to work with them on fundraising issues and also when we have calls that they assist us with. In addition, they have been a motivator for us to reach out to our community when we need assistance with projects.

Overall, the last year has been a very successful year for the Fire Department. We hope to continue to grow and assist the community in every way that we possibly can.

Respectfully submitted,

The Fire Wards:

Mike Washburn

Peter Vaillancourt

Dave Bourgault

**REPORT OF TOWN FOREST FIRE WARDENS  
AND STATE FOREST RANGER  
2000**

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our website at [www.dred.state.nh.us](http://www.dred.state.nh.us).

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department BEFORE using portable outdoor fireplaces and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing ANY outside burning.

**REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!**

**2000 FIRE STATISTICS**

(All Fires Reported thru November 10, 2000)

**HOME HEALTHCARE, HOSPICE  
AND COMMUNITY SERVICES  
JANUARY 1, 2000 TO DECEMBER 31, 2000  
ANNUAL REPORT**

In 2000, HCS - Home Healthcare, Hospice and Community Services continued to provide home care and community services to the residents of Greenville. The following information represents a projection of HCS's activities in your community in 2000. The projection is based on actual services provided from January to September 2000 and an estimate of usage during October, November and December.

**SERVICE REPORT**

<u>SERVICES OFFERED</u>	<u>SERVICES PROVIDED</u>		<u>SERVICES SUPPORTED PARTIALLY OR TOTALLY</u>	
			<u>BY THE TOWN</u>	
Nursing	520	Visits	7	Visits
Physical Therapy	28	Visits	0	Visits
Speech Pathology	0	Visits	0	Visits
Occupational Therapy	9	Visits	0	Visits
Medical Social Worker	24	Visits	0	Visits
Outreach	23	Visits	0	Visits
Homemaker Hours	1,435	Hours	1,111	Hours
Home Health Aide	551	Visits	37	Visits
Nutritionist	1	Visit	1	Visit
Child Health Program	4	Children	4	Children
Health Promotion	12	Clinics	12	Clinics

Total Unduplicated Residents Served: 84

Prenatal care, hospice services, regularly scheduled wellness clinics and child health clinics are also available to residents. Town funding partially supports these services.

**FINANCIAL REPORT**

The actual cost of all services provided in 2000 with all funding sources is projected to be \$109,197.00.

The total cost of services provided for a partial fee, or at no charge to residents in Greenville is projected to be \$8,665.00 for home care. Town funding partially defrayed the cost of this care.

For 2001, we request an appropriation of \$7,500.00 be available for home care services for Greenville residents.

Thank you for your consideration.

## **JULY 4<sup>TH</sup> COMMITTEE 2000**

Two members of the original July 4<sup>th</sup> Committee and many stouthearted volunteers worked diligently to produce another successful July 4<sup>th</sup> celebration for the people of Greenville. Our thanks and appreciation is extended to all the business establishments and private citizens who were most generous with their contributions and time.

We take pride in our July 4<sup>th</sup> celebration; which is unique to our town, attracting many visitors from the surrounding communities.

For many years, prior to 2000, the same volunteers have given freely of their time and support to this annual event. Well-deserved accolades go out to them!!

In order for this tradition to continue, we ask for more involvement from the townspeople. Please call the Selectmen's Office at 878-2084 with your suggestions and recommendations.

July 4<sup>th</sup> Committee  
Ellen J. McCreery  
Kathleen Washburn

**CHAMBERLIN FREE PUBLIC LIBRARY**  
**Report of the Board of Trustees**  
**2000**

This year past brought about several significant changes at Chamberlin Free Public Library. Mrs. Dorothy Tuttle retired after over a quarter-century of dedicated service to the library. Her efforts as well as her results will be sorely missed. Replacing her as Director is Charles Brault. Originally from Michigan, Mr. Brault retired from the United States Air Force after twenty-two years of active duty. He has extensive experience in technology and library applications.

The final phase of the library automation project is underway. The software has been selected, purchased, installed and approximately 10% of the books in the library have been entered into the system. In addition to the software, all additional hardware support for the system has been purchased and installed – and the entire project has been completed under budget by more than 60%.

The library will continue to pursue the goals outlined in its Technology Plan. Toward that end, upon the completion of the automation project, the new director plans to offer a variety of instruction to the patrons in general computer use, office automation software and Internet usage.

Telecommunication costs have been scrutinized by the new director and by eliminating unneeded lines and renegotiating long-distance service, a savings of nearly 50% should be realized without any reduction in the level of services provided.

Your library will strive to provide the best information services possible while keeping costs to a minimum. The Library Board of Trustees thanks you for your support of the library throughout the entire automation project and throughout 2000.

Respectfully submitted,

Board of Trustees,  
Chamberlin Free Public Library

## MILFORD AREA COMMUNICATIONS CENTER 2000

The Milford Area Communications Center, nicknamed *MACC Base*, had a very successful year 2000. The center provides centralized emergency dispatch services for six towns in the Souhegan Valley, including Amherst, Greenville, Lyndeborough, Milford, Mont Vernon and Wilton. These services include emergency radio and telephone communications for ambulance, fire, police, public works and emergency management agencies within those six towns.

The first contact people have with any emergency service is with a highly trained dispatcher. This year, MACC Base dispatchers handled over thirty-one thousand calls for service for the various emergency agencies that it serves. Calls ranged from structure fires, affecting many people, to ambulance calls involving a single victim. It is the emergency dispatcher's responsibility to properly assess a crisis, to insure the proper personnel and equipment are sent to handle the problem, and to monitor the situation until the emergency has passed. Contrary to a common misconception, that 911 operators in Concord are responsible for providing emergency communications, these 911 operators only route calls to emergency dispatchers at MACC Base. It is MACC Base personnel who ultimately dispatch the calls for service and who interact directly with both the public and the responding emergency personnel.

Despite operating with a significant staff shortage throughout most of 2000, MACC Base has managed to maintain two emergency dispatchers on duty almost twenty-four hours a day during the entire year. Like many businesses in the private sector, public service agencies, such as MACC Base, have faced a difficult challenge recruiting and maintaining good personnel. The screening process for applicants is thorough, the training process is intensive, and the work itself is extremely demanding, in both scheduling and content. Emergency centralized dispatch has evolved into a sophisticated and highly technical career that demands the highest levels of expertise and training. It is also the most economical and effective method devised for providing emergency communications services to our towns.

In June, MACC Base said goodbye to its longest-serving director, Joan Wetherall. Ms. Wetherall left to pursue other interests and opportunities in private industry. The Board of Governors continues to seek a suitable replacement for the director's position at year's end.

Emergency dispatchers routinely deal with the public when people are at their worst, and at times when those citizens need competent professionals to solve their personal crisis. It take a very special person to provide and maintain these professional standards, often under extremely adverse conditions, and

MACC Base is privileged to have a dedicated group of professionals standing vigil over the six communities it serves. The center looks forward to another year of dedicated service to the people of the Souhegan Valley, and to their continued support.

Respectfully submitted,  
Nelson Taylor, Acting Director

## **MILFORD AREA MEDIATION PROGRAM 2000**

Last year the Town of Greenville most generously donated the sum of \$500.00 to help the mediation program in its efforts to continue to provide this most valuable free service to Greenville families.

The Milford Area Mediation Program is a service of the Town of Milford and provides mediation services free of charge to any family residing in Greenville. From July 1, 1999 through June 30, 2000 the Milford Area Mediation Program provided mediation services free of charge to (21) residents of Greenville.

It is because of the Town of Greenville's continued financial support that the Milford Area Mediation Program can continue to provide this free service to Greenville families.

Ellen Gardent, MS  
Program Coordinator

**MONADNOCK FAMILY SERVICES**  
**2000**

As you know, Monadnock Family Services is active in you community providing quality mental health services to all residents in need. As part of this mission, it is important to let you know the extent of our work. We are pleased to give you the enclosed census report, which outlines the services provided to Greenville residents during the 1999/2000 fiscal year.

MFS is requesting financial support to help underwrite services we provide to Greenville residents who have neither adequate medical coverage nor a substantial income. We are asking for an amount equal to \$1 per capita based on figures from 1998 population estimates from the NH Office of State Planning. For Greenville, this amounts to \$2,222.00. We work continually to keep our costs down, and to identify, whenever possible, alternate sources of funding for this population. Our per capita request of \$1.00 has remained unchanged since 1990.

The support you have provided to MSF in the past is deeply appreciated and we hope that our partnership in caring for the citizens of Greenville will continue with the incorporation of this request in your town's budget.

In light of the current pressures and challenges we all face as town administrators, helping professional and private citizens, it is more important than ever that we work together for the health and well being of our communities.

Sincerely,  
Lee Bruder  
Director, Eastern Region

## PARKS & RECREATION DEPARTMENT

2000

We experienced a cold, rainy summer so the pool was closed more days than usual. The pool was also forced to close when Greenville's water tower ran dry and we like, all residents on town water experienced brown water. This is an unsafe situation for a pool as the lifeguards must always be able to see the bottom, and could not at this time. The committee and staff worked into the night cleaning the pool so we could reopen as quickly as possible.

A new diving board was purchase and installed. This is a very popular feature of the pool. Swim lessons ran successfully for two three week sessions. The swim team has been growing steadily and had about 20 members last season. They competed against New Ipswich and Goss Park. The pool serves about 50 children per day with lessons and about 150 per day at free swim.

As every year, the committee struggled to hire a responsible pool director and lifeguards. It is evident that we need to structure the hiring of staff in order to have conscientious adults on board. It is also evident that many jobs currently conducted by committee members should be filled by paid staff. The committee was terribly understaffed this year and we would encourage anyone who understands the importance of the pool and other recreational activities to this community to join.

This year, the committee was able to construct a temporary, reusable ice rink at the ball field complete with hockey goal. It is lighted and has been getting its share off use by residents of all ages. We'd like to thank Paul, Luke, and Ian Schlotman for constructing it on Christmas Eve. Thank you also to Maura and Tom Long and to the fire department for filling it. It should last through many thaws. Our thanks to the Dept. of Public Works for their assistance throughout the summer with the maintenance of the pool. Many thanks to the Bradley family for all the volunteer work, especially for the concession stand at the Fourth of July activities.

2000 Committee Members

Laurie Schlotman

Marie Bradley

## GREENVILLE PLANNING BOARD 2000

During 2000 the Planning Board proposed several amendments to the Town Zoning Regulations Ordinances. Public hearings were held, and the amendments were presented for approval on the ballot at town elections in March. Seven of the eleven proposed amendments were approved by the voters. The Zoning Regulations and Ordinances and the Town map of zoning districts were updated to reflect the changes.

The Planning Board granted approvals on several requests for minor additions or alteration to existing properties:

- Customary Home Occupation for childcare on Old Mason Road.
- Customary Home Occupation for shoe repair at 417 Adams Hill Road
- Customary Home Occupation for a gift shop at 5 High Street
- Operation of a consignment shop at 11 Main Street
- Customary Home Occupation for childcare at 10 Dunster Hill Road
- SeaChange Systems changes to the landscaping, loading dock, and outside lighting for the building on Mill Street

The Planning Board held public hearings on the following applications for site plan review or subdivision:

- Site plan review for a log concentration yard on lot 1-70B on Route 31: approved pending fulfillment of agreed upon conditions
- Application for subdivision of lot 2-36 on Route 31
- Revision of subdivision plan for lots 5-49 and 5-48 to extend access and utility easement: approved

The Planning Board also met with various residents, realtors, and other individuals for informal discussion concerning the town's ordinances and regulations. Three referrals were made to the Zoning Board of Adjustment.

The Board encourages the public to attend all Planning Board working sessions on the first Thursday of each month, and business meetings on the second and fourth Thursday of each month. All meetings are held in the Court Room at 7:30 p.m. The agenda is posted in the Selectman's Office and the Post Office. The Board is actively seeking volunteers to serve on the Board. Please contact any Board member or the Selectman's Office.

Ted de Winter, Member  
Mel Tuttle, Alternate

## GREENVILLE POLICE DEPARTMENT 2000

We are starting our third year as a Nationally Accredited agency. This program not only provides the community a means to measure agency proficiency but, more importantly, it also provides an exceptional liability shield for the community.

Unfortunately this year we lost two veteran officers. Vint Boggis left in May and went to Hollis Police Department. Thomas Richardson left to pursue other goals. In September we hired James Connelly, who previously was employed full-time by the County Jail and he also served as a part-time officer with the Merrimack Police Department for 5 years. In November we hired John Frechette who served for a number of years with the NH Marine Patrol and also served as part-time Deputy Sheriff. Both of these officers hold degrees in Criminal Justice. We are very pleased to have them on board, and I feel they will make an important contribution to the community.

The agency is continuing the DARE program in the elementary school. We did not have the manpower to conduct this program in the Middle School this year due to training conflict for our new employees. This program not only teaches children about drugs, but it also helps to create positive interaction between young people and the police.

Unlike the past three years where property crimes (burglaries, thefts, stolen vehicles and vandalism) have dropped, this year we saw an increase. This can be traced to the fact that we lost two police officers at the same time. During the second ½ of the year we experienced a dramatic rise in all categories of crime. Even though vandalism fell from last year, over 2/3 of these were committed when we were short of staff.

Listed below is a chart showing selected crimes for the years 2000, 1999, 1998, 1997 and 1996.

	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>	<u>1996</u>
Assaults	55	70	70	83	46
Burglaries	14	11	14	24	27
Thefts	70	29	33	49	73
Sex Crimes	8	4	7	5	3
Stolen Vehicles	3	3	6	6	5
Vandalism	64	80	90	99	142

In closing I would like to thank the police officers for their diligence and dedication to the community. It is a pleasure to work with people who enjoy their job, and strive for excellence. Finally, we would never have been as successful without the help and support of the citizens.

Sincerely,

1-7  
...

David L. Benedict, Chief of Police

## DEPARTMENT OF PUBLIC WORKS 2000

It has been a year of turmoil and change for this department. We have seen a reorganization that resulted in the separation of the Highway Department from Water and Wastewater. As a result a good portion of the year was spent with direct leadership being provided by the Board of Selectman, as our path forward was determined. In August, Mike Ypya accepted the position of Highway Lead and has since been appointed as our Road Agent. We look forward to the leadership we expect to receive from Mike in his new role.

A special thanks should be extended to both Mike Ypya and Mike Bergeron for the exceptional role they played in supporting the daily operations of both Water and Wastewater as they struggled through periods of manpower shortages, plant upsets and construction. Both Mikes were instrumental in helping the town struggle through the startup headaches of the new Water Facility and the subsequent water outages. They also provided support for the locating and testing of valves with Park Construction as the installation of the new water distribution system and road reconstruction got under way. In addition to these added responsibilities, the Mikes were called upon to assist in reconstruction of the berm at one of the two discharge lagoons of the Water Facility after its collapse.

Notable highway accomplishments of this past year include the reconstruction of the north end of Adams Hill Road below the railroad tracks. Another portion of Adams Hill Road was also ditched, shimmed and chip sealed.

The path forward into the new year sees this department absorbing additional responsibility involving the care and maintenance of our parks and recreational facilities and the town cemetery. Because of this we anticipate additional growing pains as we attempt to organize and staff this department appropriately and look forward to the support of the community.

Greenville Board of Selectmen

**SOUHEGAN VALLEY AMBULANCE SERVICE**  
**2000**

Souhegan Valley Ambulance Service was established in 1972 and has shown continual growth since that time. This growth is reflected in a steady increase of calls through the years. This year we had a total of 415 calls.

We held an EMT-Basic course this fall. At the present time we have 21 EMT's and are expecting to add several new EMT's from the class, when their testing is completed. Training is becoming more advanced. State and National requirements and standards of procedures have increased. Advanced procedures and additional medications have been added to our protocols. This requires more time and training for our volunteers. The demands of the increasing amount of hours required of our EMT's to maintain the standards of training, and to fulfill our call column have increased greatly. As Chairman of the Board of Directors, we thank our EMT's for meeting the challenge.

Our ambulance #742, a 1991 model, has become costly to keep repairing and needs replacing. We are planning to purchase a new one in the year 2001. We have been able to replace our old suction units this year with new ones. Also, we were able to purchase pediatric immobilizers, new backboards and a whole new splinting system. Our EMT's were happy to improve the quality of our equipment.

Billing revenue has been very beneficial. We have been able to cut the towns cost considerably again this year.

We appreciate and thank the ongoing support of the Selectmen and citizens of our towns. This gives our volunteers satisfaction in what they are doing and the desire to continue.

Respectfully submitted,

George R. McCreery  
Chairman of the Board of Directors

## MARRIAGES IN THE TOWN OF GREENVILLE

Registered for the year ending December 31, 2000

Date/Place	Groom/Bride	Residence
February 14	Thomas Curry	Greenville, NH
Greenville	Lisa A. Curry	Greenville, NH
February 19	Stephen J. Schoff	Greenville, NH
Groton, MA	Cari-Ann R. Bowen	Greenville, NH
March 02	Ernest A. Hegi	Greenville, NH
Dixville Notch, NH	Susan T. McCarthy	Greenville, NH
March 25	Michael R. Decoursey	Greenville, NH
Greenville, NH	Mary A. Comeau	Greenville, NH
June 04	Shawn M. St. Lawrence	Antrim, NH
Antrim, NH	Evelyn V. Norton	Antrim, NH
April 08	Robert W. Shepard	Greenville, NH
Nashua, NH	Jennie R. Malin	Amherst, NH
June 17	Daniel G. Depauw	Greenville, NH
Milford, NH	Melissa A. Shiner	Greenville, NH
June 24	James E. Byrne	Greenville, NH
Greenville, NH	Suzanne L. Schoff	Greenville, NH
June 27	Stephen N. Huckins Jr.	Greenville, NH
Greenville, NH	Wendy J. Eastman	Greenville, NH
July 03	Brian W. Huckins	Greenville, NH
Greenville, NH	Kristie J. Eastman	Greenville, NH
July 04	Shane E. Theriault	Shirley, MA
Greenville, NH	Jacquelyn Gonzalez	Nat'l City, CA
July 20	Kevin Holder	Fitchburg, MA
Greenville, NH	Mary Griffin	Fitchburg, MA
July 22	John J. Strand	Greenville, NH
Peterborough, NH	Linda R. Castle	Greenville, NH
August 05	Clifton F. Barney, Jr.	Greenville, NH
Milford, NH	Patti A. Comeau	Greenville, NH
August 09	David W. Sartelle	Greenville, NH
Nashua, NH	Bonnie E. Razzaboni	Greenville, NH
August 13	James Propp	Cambridge, MA
Greenville, NH	Alexandra Gubin	Cambridge, MA
August 19	David E. Clough	Greenville, NH
Wolfeboro, NH	Donna M. Boulanger	Greenville, NH
September 09	John F. Reel	Greenville, NH
Manchester, NH	Denise C. LeBlanc	Greenville, NH
September 30	James F. Slonneger	Cornelius, NC
Greenville, NH	Megan R. Valliere	Cornelius, NC
November 04	James R. Gardner	Dunstable, MA
Milford, NH	Crystal M. Shiner	Greenville, NH

November 11  
Manchester, NH  
December 17  
Greenville, NH  
December 31  
Mason, NH

David J. Elder  
Nancy L. Deshane  
Michael McIntyre  
Susan A. Marcotte  
Peter J. Duchnowski  
Karen A. Howell

Greenville, NH  
Greenville, NH  
Peterborough, NH  
Peterborough, NH  
Fitchburg, MA  
Fitchburg, MA

**DEATHS REGISTERED IN THE TOWN OF GREENVILLE**  
**Year Ending December 31, 2000**

<b>Date/Place</b>	<b>Name</b>	<b>Parents</b>
June 23, 1999 Keene, NH	Yvette Lafleur	Wilfred Pelletier Rose LaPierre
January 03, 2000 Tarboro, NC	Lucille J. Thibault	Arthur Jodoin Marie A. Manseau
March 13, 2000 Peterborough, NH	Phyllis A. Kelley	Walter I. Barnes Theresa M. Roots
April 22, 2000 Bedford, NH	Elizabeth G. Tolman	John Gillis Anna Pietrenas
May 17, 2000 Manchester, NH	Josephine L. Rowell	James Thompson Estella Betts
June 23, 2000 Deerfield, NH	Neta S. Frost	Folteen Sweet Alice
June 30, 2000 Peterborough, NH	Eleanor J. Munson	Raymond Vettys Edith Giles
July 16, 2000 Peterborough, NH	Pauline Trempe	William Leclair Rose Pattenau
July 30, 2000 Manchester, NH	Bessie Gedenberg	George Raymond Lucy Richardson
August 31, 2000 Nashua, NH	Robert M. Livingston	Oscar Livingston Dorothy Osgood
September 17, 2000 Peterborough, NH	Kerry E. Pomeroy	Mellen Pomeroy Gloria Wilson
September 19, 2000 Milford, NH	Rose Alma Pelletier	Joseph Chretien Elise Dupont
September 24, 2000 Manchester, NH	Marion E. Oickle	Chester Robertson Marie Wood
November 21, 2000 Peterborough, NH	Maurice R. Hudon	Maxine Hudon Regina Pineault
November 30, 2000 Greenville, NH	Beverly J. Cox	Dale G. Parker Bernice Pike
December 29, 2000 Peterborough, NH	Robert L. Pelletier	Joseph J. B. Pelletier Anna Christien

## WASTEWATER DEPARTMENT

### 2000

It might be easy to forget the Town has a wastewater system and treatment plant with all the focus on the water system improvements. As the Town moved ahead with water system improvements, the wastewater treatment plant got unwanted but necessary scrutiny from the Sewer Commissioners, New Hampshire Department of Environmental Services (NHDES) and the Environmental Protection Agency (EPA). The Town received an Administrative Order because of violation of its National Pollution Discharge Elimination System (NPDES) permit. The NPDES permit sets the treatment standards for each wastewater treatment plant.

The violations were primarily due to aged equipment and difficulty in operation of the facility. While all plants violate permit conditions from time to time, the violations noted by regulators at the Greenville plant were frequent enough to be considered chronic. To address the violations the EPA drafted a Consent Decree, which defined a course of action to improve the plant and thereby eliminate the chronic violations.

In response to the NHDES and EPA decree, the Town applied for and received a \$620,000 Community Develop Block Grant to perform design and construction of the most critical elements. Work is underway and includes:

- Development of an Industrial Pretreatment Program;
- Replacement of the Activated Sludge Pumps and Piping;
- Disinfection System Improvements;
- Laboratory equipment and improvements;
- General facility improvements;
- Pilot testing of low cost treatment plant modification options;
- Upgrade preliminary treatment equipment; and
- A new more strict NPDES permit is anticipated in the near future which may require additional improvements.

It is important to note that the wastewater treatment plant is thirty years old and in need of attention to assure that the river quality is maintained. The Town has taken steps to control the type wastewater entering the plant. Some may have noticed that the plant does not accept septage any more. It is hoped that the improvements noted above will change that and allow septage generated in Greenville to be accepted. The Town has also instituted an industrial discharge permit system to more closely monitor and regulate wastewater discharge from local industries. In the short term this is intended to help reduce the potential of

upset at the plant. In the long term it is hoped that it will help assure that all uses are paying a proportionate share of treatment expenses.

We would like to thank the Public Works staff who stepped up and performed exceptionally during trying times when key personnel left. Their efforts help stabilize operation and make some improvements to the plant itself during a time when it would have been easy to give up.

Welcome to Wil Peterson as a new operator. The Town has also contracted with Woodard and Curran of Auburn, NH to operate the Wastewater Treatment Plant.

Wastewater Treatment 2000:      65 Million gallons

New Services: 1

Respectfully submitted:

## ZONING BOARD OF ADJUSTMENT

2000

The Greenville Zoning Board of Adjustment handled 2 applications for appeal.

<i>Case</i>	<i>Appellant</i>	<i>Appeal</i>	<i>Subject</i>	<i>Decision</i>
30	Carson-Martin Co, Inc. of Townsend, MA, representing Bank of New Hampshire	Special exception and variance	Convert to 4 unit multi-family housing on less than the required lot size and setback at 8 Church Street	Application withdrawn
31	Bruce Card, representing Albert Novak	Variance	Commercial use of garage in residential district on Ashton Place	Application withdrawn

In 2000, the town of Greenville approved the three amendments to the zoning ordinance proposed by the Zoning Board of Adjustment. These extended the commercial district in the downtown area, fixed a "loophole" in two family use, and enacted a set of changes to the commercial-industrial district along NH Route 31.

The Zoning Board of Adjustment hears appeals and administers special provisions in the Greenville Zoning Ordinance dealing with variances, special exceptions, equitable waivers of dimensional requirements, and administrative decisions.

The Board of Adjustment is actively looking for new members and alternate members of the board.

Respectfully Submitted,  
Peter Simonson  
Clerk, Zoning Board of Adjustment

## TOWN OF GREENVILLE

### EMERGENCY

	<b>911</b>
Building Inspector	878-4155
